

INSTALLATION INSTRUCTIONS

Tube Heaters

Extension Panels Kit

500-134816

View these instructions online at www.lbwhite.com

Kit Contents:

DESCRIPTION	QTY.
Installation Instructions	1
* Extension Panel, 5 ft.	8
* Clips	7

* The kit includes eight extension panels and seven clips, intended for a 40-foot tube heater. If the tube heater is shorter than 40 feet, discard any unused panels or clips.

Tools required:

- No tools required

NOTE: Not to be used on Oval-U 100 tube heater models

Qualifications for installation of the kit:

- You must be able to read and understand these instructions.
- You must be properly trained and have sufficient experience in servicing heaters and be capable of testing the heater for proper operation.

General information:

- The following instructions outline the installation process for extension panels onto the shrouds when tube heaters are mounted at a 45° angle.
- Read all instructions thoroughly before beginning assembly and installation.
- Ensure the heater is cool or in a cold condition before installing the extension panel kit.

Preparation:

- Remove all components from box to ensure all necessary parts have been received.
- Unplug the heater from its electrical supply.
- Rotate the hanging chain to the 45° angle slot on the shroud hangers.

Installing Extension Panel to the Shroud:

1. Insert the first extension panel fully into the initial shroud section, as shown in Fig. 1.
Ensure the hangers align properly within the opening of the extension panel.
2. Bend the panel to a 45° angle, or to the desired angle as needed. Refer to Fig. 2 for guidance.

FIG. 1

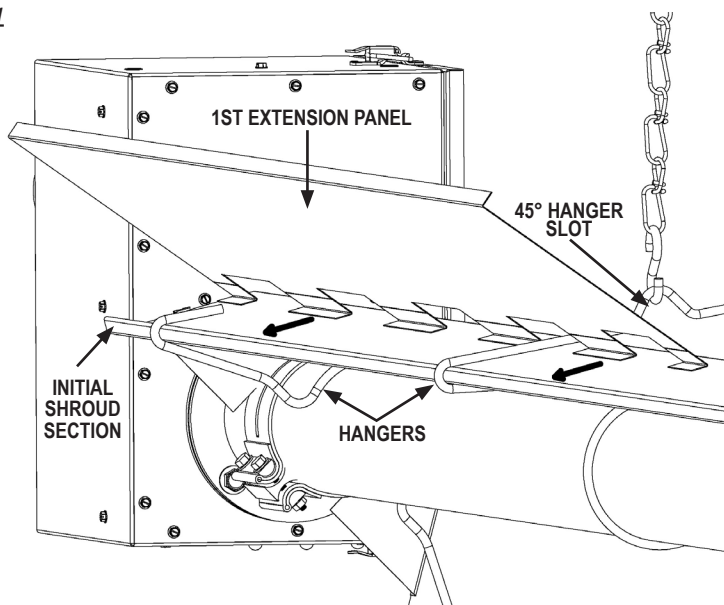

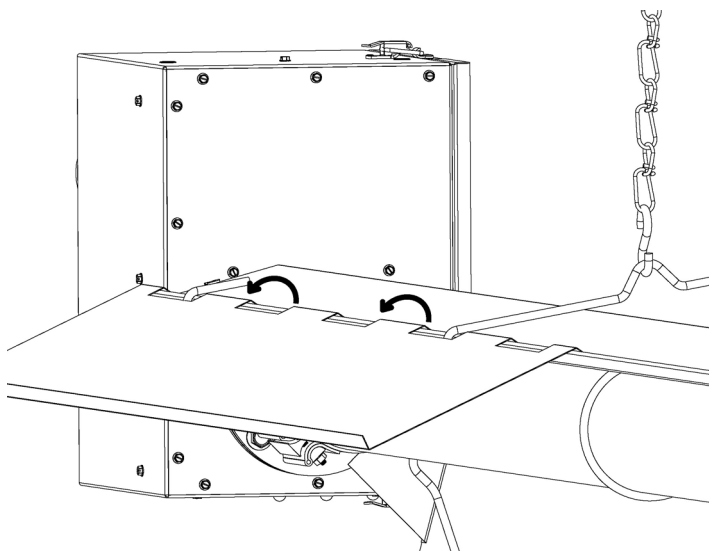

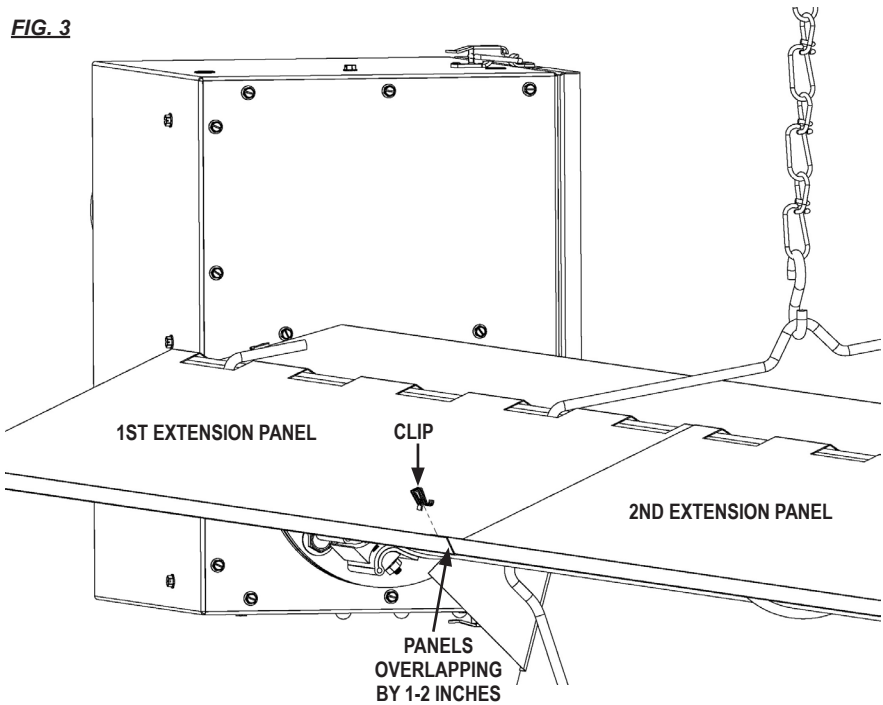

FIG. 2

Installing Extension Panel to the Shroud (continue):

3. Repeat the previous steps for each remaining extension panels along the length of the tube.
4. Overlap each new extension panel with the preceding one by 1-2 inches, or as needed for proper fit.
5. Secure the overlapping panels using the provided clips as illustrated in Fig. 3.

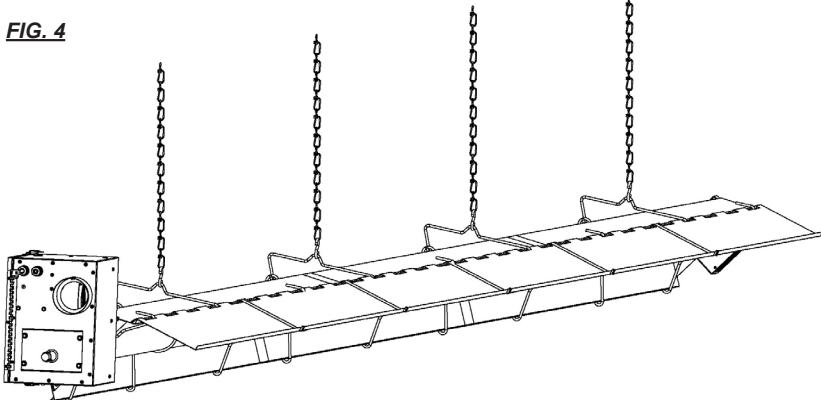

FIG. 3

Completion:

1. Refer to Fig. 4 for a visual of the completed extension panel installation.
