

Don't Be Fooled By The Other Guys.
CHECK OUT THE PREMIER DIFFERENCE!

L.B. WHITE

THE PREMIER DIFFERENCE

WHISPER QUIET:

The Premier is consistently the "quietest" unit on the market. Output noise level is much lower on the Premier (about 10 decibels) compared to the other units.

QUICK SETUP:

Premier has quick and easy gas connection with wrench free hand-wheel POL.

EASY MANEUVERABILITY:

Premier 170 wheelbarrow style extendable handles, make moving heater a breeze allowing plenty of room for walking.

COMBO BUMPER / LIFTING HANDLES:

Premier rubberized bottom handles are designed to provide perfect, low lifting points, and double as bumpers to protect heater during transport. Fully enclosed leg for clean finished look.

SLEEK & FINISHED LOOK:

Smooth esthetically pleasing welds and quality finish that will ALWAYS look great for every event!
