

INSTALLATION INSTRUCTIONS

Journeyman Forklift Pocket Kit 500-133611

View these instructions online at www.lbwhite.com

Kit Contents:

DESCRIPTION	QTY.
Forklift Pockets	2
Bolts, Hex Cap, 5/16-18 x .875"	8
Washers, Flat, 5/16 STL	8
Nuts, Hex Lock, 5/16-18, Nylon Insert	8

Tools required:

- 1/2 in. socket
- Ratchet
- 1/2 in. open ended wrench

Qualifications for installation of the kit:

- You must be able to read and understand these instructions.
- You must be properly trained and have sufficient experience in servicing heaters and be capable of testing the heater for proper operation.

General information:

- The following instructions provide information for the assembly of the forklift pockets to the Journeyman heater.
- Read all instructions carefully before beginning assembly.
- Allow the heater to cool down or in cold condition before installing forklift pockets.
- Always wear protective safety glasses and gloves during assembly.
- Tighten all screws securely.

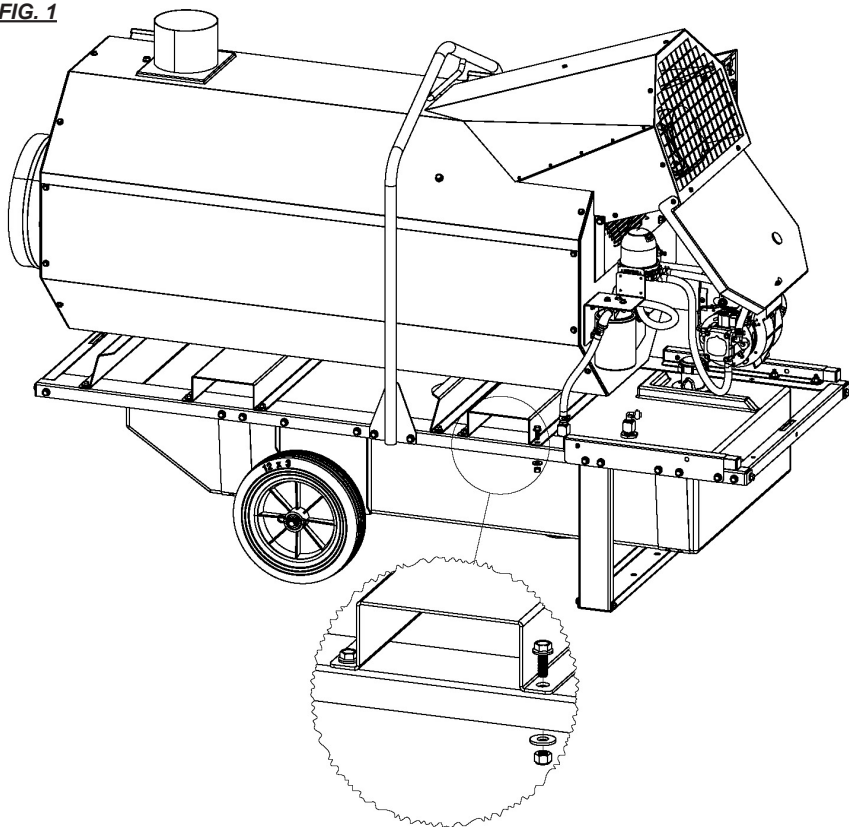

Preparation:

- Remove all components from box to ensure all necessary parts have been received.
- Check all packing material carefully for damage or for parts that may have come loose inside the carton during shipment.

Installation:

1. Place the forklift pockets on top of the heater frame. See Fig. 1.
2. Align the forklift pocket holes and frame holes.
3. Secure the forklift pocket to the frame with the provided bolts, washers, and nut as shown in Fig. 1.
4. Tighten all bolts securely.

FIG. 1

* Oil de-aerator is not standard on the Journeyman oil heater. The oil de-aerator is an optional accessory and must be order separately, 573747.

Service

Contact your local L.B. White dealer for replacement parts and service. You may also call the L.B. White Co., LLC at U.S. & Canada: 1-800-345-7200, Overseas: 001-608-783-5691 assistance, or email us at customerservice@lbwhite.com.

Be sure that you have either the heater model or serial number when calling.
