GREENHOUSE HEATER

Therma Grow™

Therma Grow™ greenhouse heaters utilize exclusive, L.B. White Plant-Safe Technology™, the only greenhouse heater to meet or beat the stringent greenhouse emissions standards.

- ✓ 120,000 Btuh and 220,000 Btuh
- ✓ 99.99% fuel efficient, direct fired technology
- ✓ Dependable, fuel efficient hot surface ignition
- ✓ Easy integration with building controls
- ✓ CO2 generator
- ✓ Enclosed flame, controls and gas valve
- ✓ 10 year warranty against heat chamber and case corrosion
- ✓ Plus model offers vent mode and 2 stage heating

GREENHOUSE HEATER

Bloom®

L.B. White provides more than a great greenhouse furnace—our technical experts and customer service teams provide expertise and support to create complete heating solutions that protect L.B. White greenhouse heater investments.

- ✓ 5000 CFM
- ✓ 400,000 Btu/h output
- ✓ Vent only option available
- ✓ 240 volt
- ✓ Galvanized gas train to prevent rust
- ✓ Larger grow operations
- ✓ CO2 generator

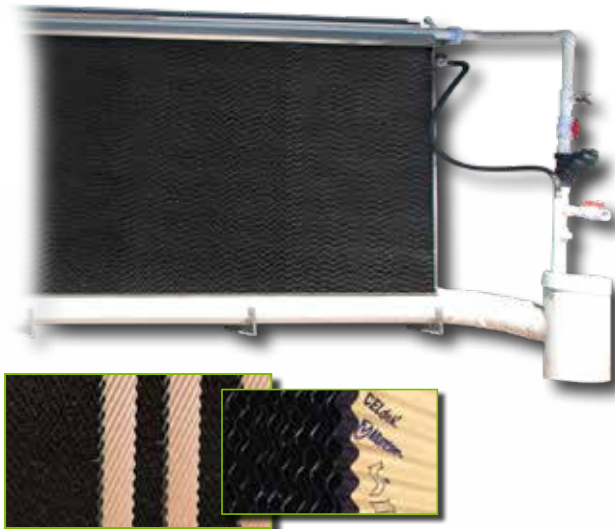

EVAPORATIVE COOLING

Reeves Supply®

Our cooling systems are built to fit any size. With our many pump and tank options, you can customize your system to cover any cooling need you have.

- ✓ Multiple layouts to fit your specific needs
- ✓ Multiple sump and pump options
- ✓ Aluminum or stainless steel construction
- ✓ 4" or 6" systems available

Multiple tank and pump options give you greater flexibility to configure your cooling system to meet your needs. We also offer various pad and spray nozzle options.

CIRCULATING FANS

Regular and Panel

Proper circulation in greenhouses is critical to maintain plant integrity in warm environments. We offer a variety of fan styles designed to keep your greenhouse performing at an optimal level. Belts, sheaves, and controllers are available to keep your fans running properly and with maximum efficiency.

- ✓ High efficiency, quiet operation
- ✓ Dust tight TEAO motors
- ✓ Wide spacing on guards prevents dust buildup
- ✓ Pre-wired with 9' cord (115 volt)
- ✓ Industrial grade aluminum blade
- ✓ Powder coated guards for maximum protection

FILTRATION

Filters and Filter Housings

We offer a variety of filters and filter housings to assist in removing any harmful contaminants from entering your water supply. Every species of plant will thrive with clean, filtered water provided by our filtration equipment.

- ✓ Multiple filter styles and sizes offered
- ✓ NSF certified housings
- ✓ Housings feature dual O-rings to prevent leaks
- ✓ Standard pressure relief/bleed button on housings
- ✓ Full inventory of replacement parts

PUMPS

Submersible, Centrifugal, and Booster

We offer a complete line of pumps designed to keep your water system running optimally. Featuring pumps from top US manufacturers such as Goulds and Flint & Walling.

- ✓ Stocking Submersible, Centrifugal, Booster, Dewatering, and Effluent pumps
- ✓ Corrosion-resistant components and constructions
- ✓ Various horse power, voltage, and fitting sizes available
- ✓ Standard 2-year warranty from date of manufacture

PLUMBING

Pipe, Brackets, Fitting and Valves

We stock everything you need to complete your plumbing project. From building new systems to repairing existing ones, we have the expertise and supplies for the job.

- ✓ Multiple diameters of pipe to work with most systems and fittings
- ✓ Ball valve, tees, caps, couplings, elbows, adaptors, glue, cleaner, and more
- ✓ Drain valve and nozzles for use with cooling, fogging, or misting systems
- ✓ 20 gauge galvanized steel brackets to support 3/4" or 1" PVC pipe
