PREMIER® PORTABLE DRYING HEATER

Drying and storing hemp properly is as important as planting and harvesting.

Reliable Performance

Available in a range of heat outputs with remote temperature control and a variety of air distribution options, the Premier delivers clean, dry air where you need it, when you need it.

- Range of models: 40,000, 80,000, 170,000, and 350,000 Btu/h
- Automatic remote thermostat
- Dependable, easy start electronic ignition
- Versatile indoor or outdoor placement
- Attractive, durable white Tri-Shield finish

Designed to Move

With its lightweight design and easy-grip handles, the Premier 40 and 80 offer the ultimate in portability. And with easy rolling wheels, the Premier 170 and 350 can be positioned easily.

Easy to Set Up and Operate

All our Premier heaters arrive ready to use. And Premier heaters are extremely easy to operate. The Premier's compact, remote thermostat allows you to manage temperatures where activity is. And the advanced, Service Saver feature makes maintenance a breeze.

The Leader in Safety

Premier heaters are equipped with an array of safety features for hemp drying, including:

- A totally enclosed flame
- Built-in temperature management
- Air flow safety devices
- Fully enclosed electronics
- Certified to meet or exceed CSA safety standards
