

INSTALLATION INSTRUCTIONS

Commander Forklift Pocket Kit

View these instructions online at www.lbwhite.com

Kit Contents:

DESCRIPTION	QTY.
Installation Instruction	1
Forklift Pockets	2
Bolts, Hex Cap, 5/16-18 x .875"	16
Labels, Fork Arrow	4

Kits:

Commander 500	500-133940A
Commander 1000	500-133940B

Tools required:

- 1/2 in. socket
- Ratchet
- 1/2 in. open ended wrench

Qualifications for installation of the kit:

- You must be able to read and understand these instructions.
- You must be properly trained and have sufficient experience in servicing heaters and be capable of testing the heater for proper operation.

General information:

- The following instructions provide information for the installation of the forklift pockets to the Commander heaters.
- Read all instructions carefully before beginning installation.
- Allow the heater to cool down or in cold condition before installing forklift pockets.
- Always wear protective safety glasses and gloves during assembly.
- Tighten all screws securely.

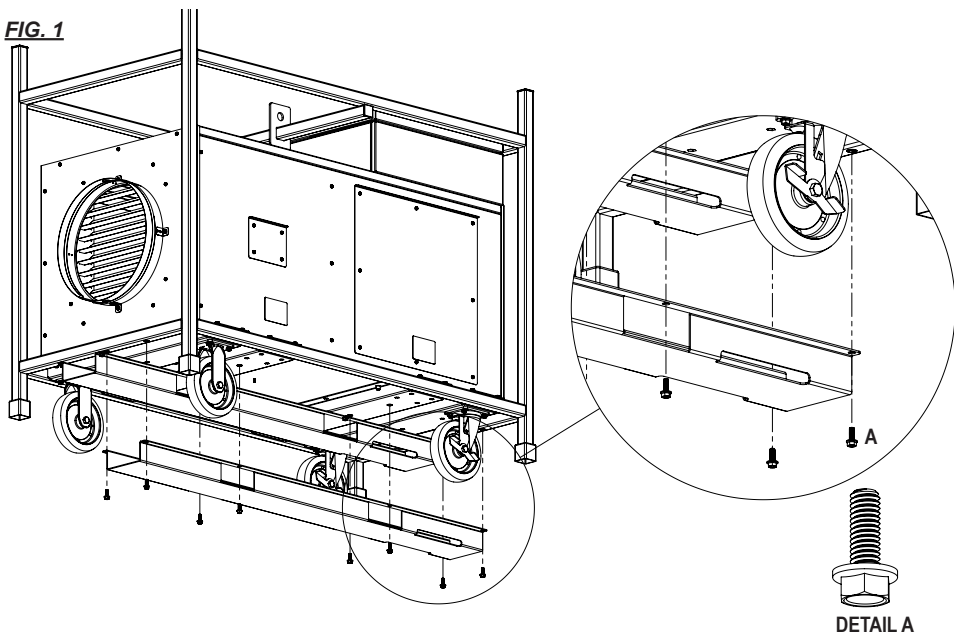

Preparation:

- Check all packing material carefully for possible damages during shipment.
- Safely lift and support the heater to gain access to the underside of the heater.
- DO NOT tip the heater on its side.

Installation:

1. Align the forklift pocket holes to the underside frame holes. See Fig. 1.
 - Commander 500 ONLY, ensure the slotted end of the fork pocket are toward the rear of the heater as shown in Fig. 1.
2. Secure the forklift pockets to the frame with the provided bolts. See detail A.
3. Tighten all bolts securely.
4. Apply the fork arrow labels on the left and right side of the heater above the fork pockets opening as shown in Fig. 1.

FIG. 1

Service

Contact your local L.B. White dealer for replacement parts and service. You may also call the L.B. White Co., LLC at U.S. & Canada: 1-800-345-7200, Overseas: 001-608-783-5691 assistance, or email us at customerservice@lbwhite.com.
